“I have immigrant parents who came from India years ago. Being part of a culture that promotes your roots from anywhere in the world for the sole purpose of collaboration is why I chose to join ASPIRE.”

— FALISHA SAGGU

*Commercial Sales & Leasing Associate
Vancouver, BC*

Why did you join ASPIRE?

I want to influence an early-in-career demographic with the same goals and mindset as myself. I have immigrant parents who came from India years ago and being part of a culture that promotes your roots from anywhere in the world for the sole purpose of collaboration is why I chose to join ASPIRE. It's important to support anyone who is new to our culture and needs to be guided until they progress naturally.

What are some personal and professional goals you hope to achieve in the next 3-5 years?

Personal Goals: Be at optimum health including mental, emotional, physical and financial health.
Professional Goals: In 3-5 years I want to not only be the best version of myself in the real estate industry but I also want to influence my peers and clients to make educated decisions based off data and evidence to help them progress their business and investments.

What are your hobbies & interests?

I like makeup and cosmetics. One of my true passions. I enjoy traveling, eating, working out, reading about businesses and what moves they're making. I also enjoy concerts and spending time with my family and friends.
